

# ARE Shenzhen 2019

## The 9<sup>th</sup> Shenzhen International Industrial Automation & Robot Exhibition 2019

**Show Dates:** Sept.10<sup>th</sup> ~Sept.12<sup>th</sup>, 2019    **Venue:** Shenzhen Convention&Exhibition Center

Welcome to The 9<sup>th</sup> Shenzhen International Industrial Automation & Robot Exhibition 2019 (hereinafter referred to as: "ARE Shenzhen 2019"), The exhibition will involve fields including robot, its components and parts, smart factory solution, comprehensive industrial automation solutions, artificial intelligence robot, machine vision/sensors, customized non-standard equipment and industrial assembly lines and etc. As the leading industrial manufacturing show in china and even in this world, ARE Shenzhen 2019 will benefit her exhibitors in obtaining sales leads in an efficient and effective way, promoting new product, establishing a corporate and brand image, and further to enhance market advantage.

“ARE Shenzhen 2019” indicates the irresistible trend of industrial automation and robotics, and even the whole industrial manufacturing. The exhibition focuses on industry applications and covers mechanical, electronic and electrical appliances, machinery, automobile manufacturing, hardware, mould, metal processing, steel, metallurgy, energy, electricity, rubber and plastic, packaging, food and pharmaceutical, etc.. “ARE Shenzhen 2019” will provide an ideal trade and show platform for everyone who expects to get a market share in the 4.0 industry era, and an one-stop procurement service for professional buyers.

### Organization

#### Organized by

Ministry of industry and information technology of the people's Republic of China  
Trade, economic and information commission of Shanghai municipality  
Shenzhen Automatic Association  
Asia Automation and Robotics Association  
Hongkong Maofa Exhibition Group

#### Managed by

Shanghai Maofa Exhibition Service Co., Ltd.

#### Supported by

CHINA ZHONGGONG INTELLIGENT MANUFACTURING INDUSTRY UNION  
International Smart Manufacturing Industry Alliance( ISMIA)  
Japan Robot Association (JARA)  
Korea Association of Robot Industry (KAR)  
Taiwan intelligent automation and robotics Association (TAIROA)

### Review of ARE 2018

The three day show came to a successful end at 15:00 of Sept.14th,2018. With “To lead the industry change, to create an industry event” as the theme, it brings us a high quality industry event. In the three days, it attracted nearly 53682 visitors at home and abroad representing all types of manufacturing enterprises and high-end buyers, suppliers. It once again confirms the influence and appeal of ARE as the top industry event in south China.

**Show Dates:** Sept. 12<sup>th</sup> ~Sept.14<sup>th</sup>, 2018

**Venue:** Shenzhen Convention&Exhibition Center

**Scale:** Floor area 60,000 sqm., 1189 booth units, nearly 800 exhibitors

**Visitors:** 53,682, with more 12,000 from overseas

**Concurrent events:** 22 conferences and promoting activities

## Schedule

**Move-in:** Sunday, September 08<sup>th</sup> 08:30-17:00

Monday, September 09<sup>th</sup> 08:30-22:00

**Show dates:** Tuesday, September 10<sup>th</sup> 09:00-17:00

Wednesday, September 11<sup>th</sup> 09:00-17:00

Thursday, September 12<sup>th</sup> 09:00-15:00

**Move-out :** Thursday, September 12<sup>th</sup> 15:00—22:00

## Exhibits Focus

◆ **Industrial Robots and Smart Factory:** Industrial robots, industrial robot development platform and software, robot parts, manipulator, AGV, handling car 3D printing, industrial 4 wisdom factory overall solutions;

◆ **Automation Products:** drive, mechanical drive system and parts, electrical parts and auxiliary equipment, industrial electrical systems, industrial control systems, industrial equipment, industrial automation, computer technology, software interface connector, low voltage switchgear, man-machine interface device, micro system technology, laser technology, machinery parts, industrial measurement and instrument industrial communication, etc.;

◆ **Artificial Intelligence Robots:** home service robot and intelligent service robot, catering service robot, robot, robot, welcome quasi brain child robot, bionic robot, robot education, it \ medical robot, cleaning robot, robot sensing, interactive robots, robot, entertainment robot, unmanned aerial vehicles, intelligent robots, commercial inspection robot;

◆ **Machine Vision and Sensor Technology:** image processing systems, machine vision integration, sensor technology and applications, smart cameras and accessories, industrial lens, light source \ card, machine vision software package, grating, etc.;

◆ **Industrial Assembly and Customized Non-standard Equipment:** industries customized non-standard machines, integrated applications, intelligent robot assembly and transmission equipment, material and connection technology, drive control system, test fixture etc.;

## Booth Offer

<b>Booth Type</b>	<b>Shell Scheme (unit = 3X3M)</b>	<b>Raw Space (Min. 36sqm.)</b>
<b>Rate</b>	<b>USD 3,800/unit</b>	<b>USD 380/sqm.</b>

## Shell Scheme Package

<b>Dimension(LxWxH)</b>	<b>3m×3m×2.5m</b>
<b>Fascia</b>	<b>English&amp; Chinese</b>
<b>Spot Light</b>	<b>Two</b>
<b>Electric Outlet</b>	<b>One(220V/5A)</b>
<b>Reception Desk</b>	<b>One( 1X0.5X0.75M)</b>
<b>Folding Chairs</b>	<b>Two</b>
<b>Dustbin</b>	<b>One</b>
<b>Carpet</b>	<b>Grey</b>
